

Triangle Fluid Controls Ltd.®

SERVICE | QUALITY | PERFORMANCE

Triangle Fluid Controls is a market-driven and technology-based company serving customers throughout the world with innovative fluid sealing products and services. Durlon® sealing products provide reliability, cost savings and process safety improvements in a wide range of demanding applications.

Due to steady growth and expansion at our Belleville plant, we are currently seeking a full-time permanent **Manufacturing Technician**.

Key functions of the position include but are not limited to:

- Understand and adhere to established plant Safety Rules
- Understand and adhere to established ISO procedures
- Take direction from the Manufacturing Manager
- Understand and follow standard operating procedures
- Use hand and power tools
- Work well independently or with a team
- Basic math skills
- Data entry
- Have the ability to lift 50lbs
- Forklift, Mixer, and Welding experience would be an asset
- CNC Lathe experience would be an asset
- Computer skills including Microsoft Word, Microsoft Excel, Microsoft Outlook and experience using an ERP system would be an asset
- Willing to work shifts and/or overtime if required
- Participate in projects as required
- Grade 12 preferred

The ideal candidate understands the importance of Safety and Quality, will have a “can do” attitude and work well both independently, and in a team environment. Excellent communication skills and good math skills are essential. Troubleshooting skills and mechanical aptitude are also required.

“In accordance with the Accessibility for Ontarians with Disabilities Act, Triangle Fluid Controls Ltd is pleased to accommodate individual needs of applicants with disabilities within the recruitment process. Please call (613) 968-1100, and ask for Eeva, if you require an accommodation to ensure your participation in the recruitment and selection process.”
